MEMORANDUM FOR: Director of Central Intelligence

SUBJECT: Awards for Articles Published in Studies in Intelligence

1. This memorandum submits a recommendation for your approval. Such recommendation is contained in paragraph 4.

2. The Editorial Board of the Studies in Intelligence has proposed that the Board be authorized to grant to the author of the most outstanding article in each annual series of the Studies a cash award of $500. The Board will select the winner on the basis of standards to be developed by them. Competition for these awards will be open to all contributors, whether Agency employees or not. In the event that no article of real distinction is submitted during a given year, no award will be granted.

3. The statutory authority for granting this award to Agency or other Government employees is contained in the Government Employees' Incentive Awards Act. [redacted]

4. Clearly the Editorial Board of the Studies is the most competent body in the Agency to determine which authors merit this special recognition. It is therefore recommended that the Chairman of the Editorial Board of the Studies in Intelligence be authorized, upon recommendation of the Board, to approve awards of $500 each to be presented to the authors of the most outstanding articles published in the Studies in Intelligence with the provision that only one such award will normally be made in any calendar year.
